

Join the Conversation with VoiceThread

What is Ed.VoiceThread ?

- Group conversations around images, docs and videos
- Can be shared with other classrooms anywhere in the world
- Web-based communications network for K-12 students and educators

About Ed.VoiceThread <http://ed.voicethread.com/about/k12/>

One account can have many identities associated with it.

Costs/Options

Class \$60 / year or \$10 / month

Allows a single educator to create accounts for up to 100 students. They also include a custom web address and 30 archival movie Exports (3 per month with monthly subscription).

School/Library \$1 / user / year

School/Library subscriptions allow you to provide accounts to all your educators and students (minimum 200 accounts), and give you a place to collect and show your school's work at a custom web address. A simple admin tool allows you to easily manage accounts and create classrooms.

Create a VoiceThread in 3 Easy Steps

Step 1 - Upload images

- Supports PDF, Microsoft Word, Excel, and PowerPoint, images, and videos
- Can import pictures from Flickr and Facebook or the web
